

CLINICAL ATTACHMENT 2024

PREREQUISITES

1. Be Humble to learn WHAT is a good doctor in God's eyes to heal the sick & the poor.
2. LEAVE your Comfort Zone to take challenges working in limited setting or resources environment.
3. DARE to be Different to step out to touch the wonderful & eye-opening experience.

LEARNING OBJECTIVES

- ✓ To let the students to see how missionary doctors from all over the world are willing to come to those rural areas to offer their service, especially their stories and motivation behind. We believe the Life of the Missionary Doctors as a Message and it is a very good role model to inspire the medical students the Mission of being a Christian Doctor.
- ✓ To encounter a wide variety of medical cases and have the chance to work alongside experienced missionary healthcare workers who are passionate serving the poor and needy in the limited resources environment.
- ✓ To have the chance to immerse yourself in a new culture and gain a broader perspective on global health issues.
- ✓ This experience is valuable and undoubtedly help you to grow personally and spiritually as well as professionally.
